PAPTIC®
THE SUSTAINABLE ALTERNATIVE TO PLASTICS IN PACKAGING
With Paptic® materials, brands can create sustainable and impactful packaging choices.
The innovative Paptic® materials offer the best features of conventional packaging materials using existing processes.

"This is too good replacement of plastic bag, unseen quality in this price range."

"Paptic renewability exceeds all other competitors."

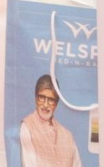

"We're interested to become one of the first global users of PAPTIC."

"I find the material interesting and we continue testing it, looking forward to reel testing."

Seppälä

"I love Paptic! When can we replace all bags?"
